STATUS UPDATE REPORT REGARDING THE PROGRESS OF THE BUSINESS RESCUE PROCEEDINGS OF CONSOLIDATED POWER PROJECTS PROPRIETARY LIMITED (IN BUSINESS RESCUE) ("COMPANY" or "CPP")

1. In accordance with section 132(3)(a) and section 132(3)(b) of the Companies Act 71 of 2008, as amended ("**Act**") when the business rescue proceedings of a company have not concluded within 3 months of the date on which they started, a business rescue practitioner is required to–
 - 1.1. prepare a report on the progress of the business rescue, and update it at the end of each subsequent month until the end of the business rescue proceedings; and
 - 1.2. deliver the report and each update to each affected person and to the Companies and Intellectual Property Commission ("**CIPC**").
2. Accordingly, we hereby provide you with the December 2022 report on the status of the Company's business rescue proceedings.
3. Capitalised words not otherwise defined in this report shall have the meaning ascribed to them in the legally binding Business Rescue Plan of the Company, duly approved and adopted by the relevant Affected Persons on Friday 12 March 2021 ("**Plan**").
4. Affected Persons are hereby updated on the following matters which have occurred or remain relevant since the distribution and publication of the November 2022 status update report:

5. Projects

- 5.1. Over the December 2022 / January 2023 period the Company's project teams took some much-needed time off, although certain works on the Kenyan project continued throughout the majority of the break period due to client requirements and timings. By the second week of January 2023, active construction projects had recommenced with normal progress works.
- 5.2. As previously reported, the Company and its inter-related companies currently have approximately fifteen projects with remaining activities. Three of these projects remain in active construction, while the others have some degree of activity remaining, be it close-out activities, ongoing defect notification periods, or unresolved disputes. Two of the three active construction projects are expected to reach completion within the next six months, with the final active construction project expected to reach completion around the third quarter of 2023.
- 5.3. We continue to engage with clients, suppliers and subcontractors to expedite completion timeframes of active projects and to close out residual matters on remaining projects.

6. Asset and Business Sales

- 6.1. In accordance with previous reporting, the majority of the Company's movable assets have been successfully sold. The Company's remaining movable assets are still in use and will only be subject to sale as and when they are no longer operationally required by the Company.

7. Guarantees

- 7.1. The most recent calculations available determined that, of the total guarantees outstanding as at the commencement of business rescue, **c. 56%** have been returned to the guarantee providers (by way of reduction, cancellation or expiry) and **c. 27%** have been called. Thus, **c. 17%** of guarantees remain outstanding as of **31 December 2022**.
8. Affected Persons are reminded that all notices and documents regarding the business rescue proceedings of the Company, to date, have been circulated to all known Affected Persons and have additionally been published on the Company's website at: www.concogrp.com, under the 'Business Rescue' tab.

9. If you have any queries, they may be directed to the business rescue email address at: br@concogrp.com.
